

A close-up photograph of a wall corner showing significant mold growth. The mold appears as dark, fuzzy patches of varying colors, including black, grey, and white, against a light-colored, textured surface. The mold is concentrated in the corner and along the edge of a window frame.

New "black mold"?

MoldSafe has your back!

The logo for MoldSafe, featuring a red paw print icon to the left of the text "MOLD|SAFE". The word "MOLD" is in black and "SAFE" is in red, separated by a vertical line.
